Except

No Time - written by Burton Cummings, Randy Bachman (BMG Bumblebee)
Runaway - written by Crook, D. Shannon (Bug Music)
Come and Get It - written by Paul McCartney (Sony/ATV Tunes)

In Love Again

Well hello little lover
where did you go?
it's not the same since I slept alone
and it's good to see you
good to see you again

I ain't done much
since you went away
I stayed at home
and I tried to keep from going crazy
and I went crazy

I need to feel your touch
I wanna lick your lips
when you call my name
it's not the same

when you're home alone by yourself
and your mind is off on something good
somewhere else
I got to get it
babe I got to get it 'cause
I can't help it
I'm in love again

Well it's mine
it's all mine but I'll give you some
I'll give you some
'til it makes you numb
and it's good to see you
good to see you again

The nights were long
and the days were slow
I stayed at home
and I tried to keep from going crazy
and I went crazy

I wanna bite your neck
I wanna be on top
when you call my name
it's not the same

when you're home alone by yourself
and your mind is off on something good
somewhere else
I got to get it
babe I got to get it 'cause

I can’t help it
I’m in love again
papa’s in love again

Well hello little lover
where did you go?
it’s not the same since I slept alone
and it’s good to see you
good to see you again

I ain’t done much
since you went away
I stayed at home
and I tried to keep from going crazy
and I went crazy

I wanna take you down
and go a round
and I need the way you call my name
it’s not the same

when you’re home alone by yourself
and your mind is off on something good
somewhere else
I gotta get it
babe I gotta get it ’cause
I can’t help it
I’m in love again
papa’s in love again
papa’s in love again
papa’s in love again

Where I play

That's where I play
you got to learn to give and get along
I say – Got to be tender to be strong

That's what I say
That's where I play
That's where I play
That's where I play

That's where I play
you got to find your light and let it shine
I say – Got to take everything in stride

That's what I say
That's where I play
That's where I play
That's where I play

You know a little bit of lovin might just get you through a lot of hell
and send a light around the world as well
That's what I say
That's where I play
That's where I play

Sometimes you gotta feel the dark before you see the light
Sometimes you gotta feel the dark before you know it'll be alright

You know a little bit of lovin might just get you through a lot of hell
and send your light around the world
your light around the world as well

That's what I say
That's where I play
That's where I play
Awwwww That's where I play

Secret

You got a secret you wanna tell me
The way you smile says everything
everything
You wanna tell me

You got a secret you wanna tell
so let it out baby
You got a secret I can tell

I felt you enter from across the room
I could not look away I could not look away ay yeah.
you got everything
I got a secret I wanna tell ya
I'm a moth to a flame
and I just wanna burn with ya
I just wanna burn

You got a secret you wanna tell
so let it out baby
You got a secret I can tell – yeahe yeah

You hit me right between my
I can't help but need to get a little
closer to you babe

You got a secret you wanna tell
so let it out baby
let it out and let me in
let me in
let it out and let me in
let me in
you wanna tell me

You got a secret you wanna tell me
the sway of your hips
the smile on your lips
says everything
everything

Girls like you

There's a hell for girls like you
and it's filled with boys like me
slide the slide up to my side
and we'll kick it up a few degrees

Now I've been digging you
and you been digging me
slide the slide up to my side
and we'll kick it up a couple more degrees

I can see the fire in your eyes
if the room starts burning
well it comes as no surprise
cause

There's a hell for boys like me
and it's filled with girls like you
slide the slide up to my side
and we'll see what kind of trouble we can get into

Oh yeah

Well
There's a hell for girls like you
and it's filled with boys like me
slide the slide up to my side
and we'll find ourselves
a slice of
heaven

Come on baby
do that slide

You can see the fire in my eyes
I can see the fire in your eyes
You can see the fire in my eyes

There's a hell for girls like you
and it's filled with boys like me, yeah

Come on baby
do that slide
Come on baby
do that slide

There's a hell for both of..

No Time

No time left for you
on my way to better things
I found myself some wings
distant roads are calling me
n-dah, n-dah, n-dah, n-dah, n-dah

No time for a summer friend
no time for the love you send
seasons change and so did I
you need not wonder why
you need not wonder why
there's no time left for you
no time left for you

No time left for you
on my way to better things
I found myself some wings
Distant roads are calling me
n-dah, n-dah, n-dah, n-dah, n-dah

No time for a gentle rain
No time for my watch and chain
No time for revolving doors
No time for the killing floor
No time for the killing floor
There's no time left for you
No time left for you

No time for a summer friend
No time for the love you send
Seasons change and so did I
You need not wonder why
You need not wonder why
There's no time left for you
No time left for you

No time, no time, no time, no time
No time, no time, no time, no time
I got, got, got, got no time
I got, got, got, got no time
I got, got, got, got no time
I got, got, got, got no time
I got no time, got no time, got no time, got no time – no time
I got no time, got no time, got no time – I got no time

No time

You Used Ta

You used ta like when…
and you used ta laugh when I…

I used to make you laugh
I used to make you smile
I used to make you feel so good
You used ta love it when I…

And you used to sigh when…
you used to breathe so hard when I…
and you used to moan when…
You used ta
You used ta

I used to make you laugh
I used to make you smile
I used to make you feel so good
You used ta love it when I…

You used ta

Couldn't help but bite my lip
Mmm
you couldn't help but grab my hips
pin me down
and call my name

You used to make me laugh
You used to make me smile
I used to make you feel so good

You used ta love it when I
loved you

You used ta

You used ta love it when I…

Another Night

Don’tcha have a dream, baby?
i can’t believe that you’ve got nowhere to go.
is this the way that the world ends for you?
hard driving ’til it’s time to make another show

Ihe dull stare of too many nights leading to
the cold white light of day
but I know it doesn’t mean one hell of a lot
it’s just another night thrown away, babe

Were you always a problem child?
well it really doesn’t matter now
’cause you are on your own
I’ve seen that look a thousand times
3 o’clock in the morning and
you need someone to take you home

far be it for me to talk to ya
’bout life or a better way
’cause i know it doesn’t mean one hell of a lot
it’s just another night thrown away, babe

take a good long look around
can you see yourself in the mirror?
there’s nothing left this way baby but one sad end

tell me
is this what you want?

I’m not trying to talk you down
but I don’t think you want to go it alone
it’s one hell of a road
and it don’t look pretty
when there’s no one by your side
to help carry the load

that’s right
i’m talking to you
you want to be a bad mother
and turn a cold shoulder
one day it’s gonna come around.

But it’s just another night.

Runaway

As I walk along
I wonder
what went wrong with our love
a love that was so strong

And as I still walk on
I think of
the things we've done together
while our hearts were young

I'm walkin' in the rain
tears are falling
and I feel the pain
wishin' you were here by me
To end this misery

And I wonder
I wah-wah-wah-wah-wonder
why
why, why, why, why, why she ran away
and I wonder
where she will stay
my little runaway
run, run, run, run, runaway

I'm walkin' in the rain
tears are falling
and I feel the pain
wishin' you were here by me
To end this misery

And I wonder
I wah-wah-wah-wah-wonder
why
why, why, why, why, why she ran away
and I wonder
where she will stay
my little runaway
run, run, run, run, runaway
run, run, run, run, runaway
run, run, run, run, runaway

Just A Man

You've been here before
heartbroken and so alone
thinking you should close the door
for good
again
but your heart is calling out for more

Now I can see you cry
and I know why
from that look in your eyes
that's right
I'm just the man
let me take you by the hand
I'll make everything feel alright

Listen baby
You've been dreaming of
some kind of fairy-tale love
white horses and
a prince to ride
well no prince am I
but maybe I'm the guy
to help your loving
come alive
again

See I can hear you sigh
and I know why
from that look in your eyes
that's right
I'm just the man
let me take you by the hand
I'll make everything feel alright

We can play it high
if you have ta
we can play it low
We can play it anyway you want it
but baby
if you wanna dance
gotta take a chance
and take my hand
'cause baby
baby I'm your man

Now I can see you smile
and I know why
'cause you're seeing the light

that’s right
Yeah yeah

Yeah I’m just a man
but I’m holding out my hand
when you’re ready to take it
baby I will be around

And I’ll take you anywhere you wanna go

Play it high
Play it low
any way you wanna go

Come and Get it

If you want it, here it is, come and get it
Mm mm mm mm, make your mind up fast
If you want it, any time, I can give it
But you'd better hurry 'cause it may not last

Did I hear you say that there must be a catch?
Will you walk away from a fool and his money?
If you want it, here it is, come and get it
But you'd better hurry 'cause it's goin' fast

If you want it, here it is, come and get it
Mm mm mm mm, make your mind up fast
If you want it, any time, I can give it
But you'd better hurry 'cause it may not last

Did I hear you say that there must be a catch?
Will you walk away from a fool and his money?

Sonny…If you want it, here it is, come and get it
But you'd better hurry 'cause it's goin' fast
You'd better hurry 'cause it's goin' fast
Ooh…Fool and his money

Sonny..If you want it, here it is, come and get it
But you'd better hurry 'cause it's goin' fast
You'd better hurry 'cause it's goin' fast
You'd better hurry 'cause it's goin' fast.
